Proficient in Data Structures, problem-solving, and cloud concepts (Azure certified). Eager to contribute to high-impact projects at an innovative company like Google.

Education

Aditya University, Surampalem (June 2020 – April 2024)

B-Tech CGPA: 7.3

Sasi Group of Institutions, Velivennu (June 2018 – April 2020)

Intermediate CGPA: 9.54

Sri Kakatiya Merit School, Bhimavaram (June 2017 – April 2018)

SSC CGPA: 9.2

Technical Skills

- Programming: Java SE, Java EE (JSP, JDBC, Servlets)
- Frameworks: Spring Framework (Spring Core, Spring Boot, Spring MVC, Spring Security, Spring JDBC, Spring Data JPA), Hibernate, REST APIs, Microservices
- Frontend: React.js, Tailwind CSS, HTML, CSS, JavaScript
- Tools: Git, GitHub, Docker
- Database: MySQL
- Operating Systems: Windows, Linux (Basic: File management, navigation, file operations)

Work Experience

Technical Hub Pvt Ltd – Azure Intern (June 2023 – July 2023)

- Worked on Microsoft Azure Cloud technologies and completed the Azure Administrator Associate certification
- Gained hands-on experience with Azure services including Virtual Machines, Virtual Networks, Storage Accounts, and App Services.

Projects

E-Commerce Site

GitHub: : https://github.com/leela986682/ECOMM-site

Live Site : https://lee-mart.netlify.app/

Built a responsive online shopping platform using React.js and Tailwind CSS Developed cart and product components with dynamic routing and hosted the app online

Food Management System

GitHub : https://github.com/leela986682/sipNbiteBackend

<u>Live Site</u>: https://sip-n-bite.netlify.app/

Built restaurant food management system using Spring Boot, MySQL, and React Integrated CRUD operations for real-time item management

Reminder Management System

@ GitHub : https://github.com/leela986682/Reminders-app

Created personal web tool to manage reminders using Java EE, Servlets, Oracle SQL Used JavaScript Fetch API for frontend interaction

Digital Clock Project

GitHub : https://github.com/leela986682/calender-project

Built a dynamic clock using JSP, Servlets, HTML, and CSS Demonstrated server-side rendering with live time display

Strengths

- Strong problem-solving and analytical skills
- Excellent communication and teamwork abilities
- Passion for learning and adapting to new technologies
